## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Atabak Royaei on 6/26/2007.

The application has been amended as follows:

#### **IN THE CLAIMS:**

Claims 214, 216, 218, lines 1-2, delete, "preserving joint health comprising the step of administering" and insert, ---preserving the health of joint tissues comprising administering to a patient---.

Claim 220, line 1, delete, "A method as in any of claims 214-219" and insert, ---  
The method of claims 214-219---.

Art Unit: 1655

Claim 221, line 1, delete, "A method as in any of claims 214-220" and insert, ---  
The method of claims 214-219---.

Delete claims 222-229.

The following is an examiner's statement of reasons for allowance: there is nothing in the art of record which anticipates nor renders obvious the claimed method of using dihydro-isohumulone, dihydro-isocohumulone or dihydro-isoadhumulone with oleanolic acid or ursolic acid along with rosemary, an extract derived from rosemary or a compound derived from rosemary to preserve joint health of a patient. It is also clear from the enclosed article from "the Cleveland Clinic" that preserving joint function can be achieved though "range-of-motion" exercises.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael V. Meller whose telephone number is 571-272-
